## Freelance Graphic Designer

### WE ARE:

Blade Creative Branding, located in midtown Toronto, is a recognized leader in the branding and advertising industry. We offer strategic and creative skills that integrate all forms of media into results-oriented campaigns that grow our clients' brand communities.

### YOU ARE:

You're a talented and experienced Mac-skilled professional looking for a variety of work opportunities from print to web to digital, and more. You proudly create visually compelling work on time and on budget.

### RESPONSIBILITIES

- Create and produce design work to either code-ready digital files (assets) and/or final print-ready files.
- Your responsibilities will include concept development, graphic design and complete production of new work; as well as updating existing files, as a production artist.
- You'll participate in both strategic and creative discussions related to every project on which you work.

### Required Education, Skills and Qualifications

- Minimum of five (5) years' experience in a design studio, digital ad agency or similar company.
- Must be comfortable using Adobe Creative Cloud on a Mac.
- Attention to detail is essential.
- Work on-site or remotely in the GTA
